PAL SYN SEAL

Premium Grade Wireline Spray

Last Revision: 04/07/19

Description

PAL Syn Seal has been specially formulated using a full synthetic base oil providing total protection to the wireline during all working conditions. Syn Seal Spray contains proprietary ingredients which allows the spray to penetrate and adhere to the surface of the cable down to the inner core of the Wireline.

Features

- Formulated to protect against the corrosive effects of hydrogen sulfide, carbon dioxide, chlorides, acids and even microbial corrosion.
- Provides unsurpassed lubricity improving overall job performance and extending wireline service life
- An environmentally benign product posing no hazards to the environment and will not sheen out on water.
- Designed to function flawlessly with conventional application equipment without any modifications.

Typical Properties

Density@15°C	0.800
Viscosity@40°C, cSt	12.0
Viscosity@100°C, cSt	3.0
Flash Point, °C(°F)	> 150 (302)
Pour Point, °C(°F)	-50 (-58)
Boiling Point/Range , °C(°F)	310 (590)

Packaging:	5 gallon pails/55 gallon steel drums	275/330 gallon in one way poly totes/returnable stainless steel totes
